NICET LEVEL III and IV PREPARATION SEMINAR

February 21, 22, 23, 2012
8:00 am – 4:00 pm each day

Hosted by: Engineered Monitoring Systems (EMS)

NICET LEVEL III and IV PREPARATION SEMINAR

This seminar is based on the new CBT (computer-based testing), it is an AFAA class. It covers NICET Level III and IV Certification training and continuing education requirements, fire alarm system surveys and design, addressable and multiplex systems, system reliability, principles of smoke movement in buildings, principles of combustion, application of automatic fire alarm devices, transient protection, power supplies, supplementary circuits and much more. It also includes the Fire Alarm requirements of NFPA 101-2006 and the Fire Alarm requirements of the International Building Code 2006 edition.

COURSE OBJECTIVES

Upon completion of this seminar, each participant should have a better understanding of NFPA 72, NFPA 101, the IBC and how to quickly navigate them to find specific requirements to answer test questions.

WHO SHOULD ATTEND

Individuals preparing for NICET Level III/IV certification testing, Designers of fire alarm systems, Project Managers, Sales and Service personnel, Lead Installers as well as AHJ's responsible for fire alarm system plan review and acceptance testing.
