

Certifications for California

Transfer to NFPA Certification Programs

- Building Inspector (CBI)
- Building Plans Examiner (CBPE)
- Fire Inspector I & II (CFI)
- Fire Plans Examiner (CFI)

NFPA is pleased to announce that certification holders in other recognized building inspector, building plans examiner, fire inspector and fire plans examiner certification programs are considered for acceptance into the appropriate NFPA certification programs.

The transfer option was developed in order to acknowledge the important work already completed by certificate holders in other recognized programs and to provide a mechanism to become an NFPA Certified Inspector or an NFPA Certified Plans Examiner.

The following requirements must be met to transfer:

- Discount application fee - \$50, price is good for 18 months from date of formal adoption.
- Evidence of active certification in an equal and recognized certification program
- Completion of appropriate NFPA recertification requirements

More information is available in the Applicant Handbook and on the Transfer Applications, which are available at the NFPA web site. Go to www.nfpa.org/certification or call the NFPA Certification Department at 800-344-3555.
